

Rating	What I liked	To make it perfect
9	Experience from making a struggling 'scrum by the book'-team perform better We have the same problem on one of our teams	Zoom in deeper on the planning aspect
7	To see how it can work in another way than IT	More examples of how it worked in practice: - daily scrum - product backlog - ...
6	Zen slides – Photos Principles Perspective Lessons learned	More stories Data Successive snapshots of the system (people, process, product) More examples
7	Clear presentation	Use experience OK Participant -> more interaction
6		Not very clear why “chaos” (WIP <> chaos)
7	Clear Nice story Overview of “flow” in XP	More lively More examples
6	Alternative loan on agile Not focusing on Scrum philosophy	More fluent convincing speakers, better title
9	Very useful and inspiring I will apply some insights Wednesday	Presentation, way of speaking, rather boring
7	Good idea to share the experience I got some for my project. Thanks.	
10	Very good story Learned a lot	Try to 'cut of people' in a more friendly way
8	Is that the small process improvements add a lot of value	You have to get more in detail and offer more of an overview up front
7	Own innovations in existing process	Explain/show visualizing process more
